PLANT A NATIVE

Discount Nursery

2 Kendall Street Wodonga VIC 3690
Call **0481 TREE ME** or 0481 8733 64
www.plantanative.com.au
admin@plantanative.com.au

Plant a Native is your local Discount nursery. We propagate our own stock, which allows us to pass on the savings to you! Our stock is continually changing and we have way more than just Natives at our finger tips!

PLEASE NOTE: This list below is NOT our complete list. We have much more non natives, barerooted fruit trees, vegetable seedlings & Annuals (in September) and tons of more advance garden plants as well. Farm trees, tree guards and stakes available too. We will continue to grow, with your continual support.

BEFORE GOING TO ONE OF THE BIG BOYS, GIVE US A GO!

- IF WE DON'T HAVE IT.....WE CAN ALWAYS SOURCE IT FOR YOU!

NEED QUIET A FEW?

WE MIGHT EVEN BE ABLE TO PROGATE IT FOR YOU AND SELL IT AT OUR DISCOUNTED PRICES!

Starting out a NEW business is always hard. **So we ask for your help!** Please **SHARE** our Facebook page and mention us to **ALL** your friends and family. More foot traffic, means more staff, our ability to keep our prices so low and will help to grow the business and our plant stock offerings. Thanks heaps :-)

Botanical name	Common name	Height	Soil	Pot size
ACACIA Acinacea	Gold dust wattle	2-3 m	All soils	H
ACACIA Brachybotrya	Grey wattle	3-4 m	Sand/loam	H
ACACIA Dealbata	Silver wattle	4-15m	Clay/clay loam	H

Note:
Varieties marked with #
indicate varieties which are harder to propagate or where seed is more expensive. Species therefore priced accordingly. Restrictions of no more than 30% of total order (large orders) on these species may be enforced.
